EXPERIENCE

422 Agency, Tallahassee, FL — *Creative Director*

APRIL 2017 - PRESENT

I have designed and developed websites, applications, user interfaces, and various print elements for a wide variety of clients. I have served in the capacity of head photographer, which developed skills in photo editing and image manipulation, established an archiving system along with tracking of all creative production and the overseeing of rights and reproduction contracts.

FAMU School of Journalism & Graphic Communication, Tallahassee, FL — *Webmaster/Photographer*

AUGUST 2017 - AUGUST 2022

Responsible for layout and developing of various university websites and applications. Included but not limited to maintenance and updating of existing websites. Create graphics for web and marketing materials. I also work with management to understand specific brand usage principles of the school.

Homes.com, Tallahassee — *Web Designer/Developer*

MAY 2013 - APRIL 2016

I have designed and developed various websites for real estate agents and brokers across the world. My duties included, but were not limited to, mocking up websites and social media products, trouble shooting code, developing template systems, branding, researching and implementing modern techniques in design and development.

MACORK SOLUTIONS, Tallahassee — *Designer/ Web Developer*

MAY 2011 - APRIL 2014

I developed print designs and websites for well established businesses and clients and performed studio, portrait, event and video photography.

Tallahassee Community College, Tallahassee — *Multimedia Tutor*

AUGUST 2009 - APRIL 2013

While at Tallahassee Community College, I worked as a lab assistant teaching and assisting students in all areas of design and web development. I also assisted in various school enhancement projects to boost school attendance within the program.
